Email: usmanraj20@gmail.com

○ Hexadecimal

When we run a program in a computer, the actual execution of the program takes place in_____.

Answer (Please select your correct option)

○ RAM

○ ROM

○ Microprocessor

○ Hard Disk

Which of the following computer can be considered as a portable computer?

Answer (Please select your correct option)

○ PC

○ Mainframe

○ PDA

○ Supercomputer

Which computer category is widely used in our daily life?

Answer (Please select your correct option)

○ Super Computer

○ Main Frame

○ Personal Computer

○ Laptop

Choose the correct html format to create a checkbox.

Answer (Please select your correct option)

○ <checkbox>

○ <input type="checkbox">

○ <input type="check">

Software development starts form _____ and ends with _____ .

Answer (Please select your correct option)

○ Design, Coding

○ Concept, Designing

○ Coding, Testing

○ Concept, Decommissioning

_____ is a programming language which was specifically designed to develop business applications.

Answer (Please select your correct option)

○ BASIC

○ FORTRAN

○ Green and Bold

○ Blue and Underlined

Which of the following symbol is used in JavaScript to add multiple line comments in a program?

Answer (Please select your correct option)

○ /

○ //

○ /*

○ //*

A developer analyses the user's requirements, performs further investigation, and produces unambiguous specifications in _____ step.

Answer (Please select your correct option)

O   Planning

O   Users Requirements

O   Designing

O   Developer Specifications

_____computers have low power consumption processors.

Answer (Please select your correct option)

○ Personal

○ Laptop

○ Super

○ Main Frame

A new cell is added in a table row by using _____ tag in html.

Answer (Please select your correct option)

○
...</BR>

○ <TR>...</TR>

Correct answer solved by hadi
Cell No:03228043306
Email: usmanraj20@gmail.com

○ <TD>...</TD>

○ <TABLE>...</TABLE>

Anti Virus software is a kind of _____.

Answer (Please select your correct option)

○ Utility Program

○ System Software

○ Device Driver

○ Freeware

If there are multiple programs running on my PC having windows XP, then it refers to:

Answer (Please select your correct option)

○ Multi User

○ Single User

○ Single user, Multitasking

Correct answer solved by hadi
Cell No:03228043306
Email: usmanraj20@gmail.com

○ Multi User, Multiprocessing

Suppose a web developer wants to permit the user to make multiple selections from the list of 5 options on a web page. Which type of element will he use for this situation?

Answer (Please select your correct option)

○ Check box

○ Text box

○ Radio button

○ Text area

Which operator is used to complement the given value?

Answer (Please select your correct option)

○ OR

○ NOR

○ AND

○ NOT

If we apply the Bubble Sort algorithm on an array of *4 elements*, then what will be the number of comparisons in the first pass?

Answer (Please select your correct option)

- ○ 5

- ○ 4

- ○ 3

- ○ 2

You cannot close Microsoft Word 2003 by _____.

Answer (Please select your correct option)

○ Choosing File menu then Exit command

○ Pressing Alt+F4

○ Clicking X button on title bar

○ Choosing Close submenu from File menu
